## UPRISING ON THE ISLAND OF CRETE

People Issue Decree Proclaiming Union With Greece.

### PROTESTS TO THE POWERS

Turkey Sends a Circular Note Asking Them What Steps They Mean to Take Looking to the Re-Establishment of Order in Bulgaria—Great Britain Asks Austria to Reconsider Her Act in Annexing Two Provinces.

London, Oct. 8.—The people on the island of Crete, stirred by the events in Southeastern Europe, the independence of Bulgaria and the annexation of Bosnia and Herzegovina by Austria, have arisen and proclaimed union with Greece.

The Turkish government has sent to the powers a circular protesting against the Bulgarian proclamation and asking the powers what steps they mean to take looking to the re-establishment of order in Bulgaria and the maintenance of Turkey's interests, which were guaranteed by the treaty of Berlin. Great Britain in reply to the notification of Austria-Hungary's proposed annexation of Bosnia and Herzegovina has refused a sanction and has practically requested the Austro-Hungary government to reconsider it.

Both Premier Asquith and Foreign Secretary Grey in public addresses alluded upon the Balkan question, the former asserting that the British government would not stand alone among the powers in its present attitude, the latter expressing the belief that nothing has happened thus far that would lead to a breach of the peace.

In Serbia there is popular clamor for war against Austria-Hungary, and the Servian government has issued an appeal to the powers requesting them to restore the status quo, or else to grant Serbia compensations.

Italy, through Signor Tittoni, the foreign minister, has demanded that addition to evacuation of Novipazar, Austria renounce the protectorate which she has exercised over Montenegro under the Berlin treaty. Italy one with Great Britain, France and Austria counselling the holding of a conference of the powers for the purpose of examining into the complications that have arisen, and if necessary revising the treaty of Berlin.

### DECREE IS PUBLISHED.

Announces the Union of Crete With Greece.

Canea, Island of Crete, Oct. 8.—A decree announcing the union of Crete with Greece has been published here, the decree leading up to the climax followed each other throughout the day with dramatic rapidity. The town is bedecked and early in the morning people began flocking in from all sections. There was much firing of guns and revolvers, with plenty of cheering, but perfect order prevailed. Mussulmans mingled with Christians freely and unmolested.

At 2 o'clock in the afternoon a great demonstration in favor of union with Greece occurred on the military review grounds. More than 100,000 people, one of the largest crowds ever seen here, gathered at this place.

All the prominent revolutionary leaders, each with his banner flying, appeared, and they were supported by the heads of the different political

parties, the mayors of the towns, the clergy and others influential in the councils of the island. Speeches were made by various representatives, who declared that the peaceful political revolution which they had assembled to consummate was not directed against the powers, which had been the island's benefactors, but solely at proclaiming the island's union with the motherland. They called upon the government to act henceforth in the name of the free kingdom of Greece.

They urged the people as a duty to go respectfully and announce their decision to the representatives of the powers; then they must call together an assembly to confirm the people's decision by an official vote.

Ten thousand men thereupon marched, singing and shouting, to the various consulates, leaving at each of them a written copy of the resolutions adopted. They then surged to the governor's palace and lowered the flag of Crete, raising the Greek flag in its place. The flags on all the public buildings were similarly replaced by the flag of Greece. With incessant and wild cheering for the union, the great procession made its way to the fortress, where a Greek flag also was sent to the top of a flagstaff, but the French troops insisted upon lowering it, and unfurl the flag of Crete and those of the four protecting powers.

### MAKES INSISTENT APPEAL

Turkey Wants to Know What the Powers Will Do.

Paris, Oct. 8.—The Turkish circular protesting against the Bulgarian proclamation has been transmitted to M. Pinchon, the foreign minister. After energetically calling attention to the flagrant violation of the treaty of Berlin, Turkey makes an insistent appeal to the signatories of the treaty to advise the porte at the earliest possible moment what dispositions, such as an international conference, they propose to take, "to examine the conditions for the re-establishment of legal order in Bulgaria and Eastern Rumelia and for the maintenance of the interests which international treaties assure Turkey."

In conclusion the circular says: "The Ottoman government could have recourse to force, but respecting treaties and solicitous for the common interests and appreciating the necessity for European peace, it prefers to avoid such extremity and therefore calmly awaits the decision of the powers, at the same time expressly reserving to itself all the rights guaranteed by international conventions."

### HARMONY REIGNS.

Factional Troubles of American Society of Equity Forgotten.

Milwaukee, Oct. 8.—All factional trouble in the ranks of the American Society of Equity disappeared in a tumultuous wave of unanimity. Internal disruptions of a year were forgotten.

Resolutions were adopted demanding that an injunction be secured at once to prevent J. A. Everett from issuing his call for a convention of the American Society of Equity in Indianapolis.

The society went on record as favoring an amendment to the Sherman anti-trust act excluding the American Society of Equity from its jurisdiction.

An outspoken support of the night riders of Kentucky by Delegate J. H. Purvey of Greenville, Ky., and the adoption of the report of the committee on minimum prices were other features of the day.

## RIVALS MEET AT BANQUET

Taft and Bryan Guests of a Chicago Association.

### MOMENT IS A DRAMATIC ONE

Republican and Democratic Candidates Shake Hands and Exchange Cordial Greetings—Meeting is the First of Its Kind Since the Lincoln and Douglas Campaign Preceding the Civil War.

Chicago, Oct. 8.—W. J. Bryan and W. H. Taft, rival candidates for the presidency of the United States, met at the fourth annual banquet of the Chicago Association of Commerce. The meeting is said to have been the first of its kind since the Lincoln and Douglas campaign preceding the Civil War.

Intense interest in the meeting had been manifested since it first became known that the two candidates were to meet in public, and every seat in three banquet halls at the Auditorium hotel, thrown together for the occasion, was occupied when the first course was served, save only a commodious chair reserved for Judge Taft.

An ear-splitting shout gave warning of the arrival of Judge Taft. Mr. Bryan, in common with everyone else, arose and looked toward the entrance. A huge frame, moving like a ship amongst a swarm of tugs, was moving slowly up the narrow aisle between two tables. Those at a distance occasionally could catch a glimpse of a smiling face, acknowledging greetings. A policeman in uniform and assistants in plain clothes aided in the progress of the distinguished guest. Mr. Bryan, who had paused in the destruction of some sort of a chop suey masquerading under a French name, turned his head slowly as his political rival drew near, smiling slightly.

### Dramatic Moment Soon Over.

The dramatic moment which had been anticipated with such deep interest was soon over. Mr. Bryan's hand awaited that of Mr. Taft. A single lingering pressure, a word or so which none could overhear because of the tumult, and the Republican leader passed on to a chair at the right of Mr. Hall. The cheering continued for a minute or so after those at the speakers' table had taken their seats. At the first moment the noise subsided, Mr. Bryan, leaning to one side and smiling broadly, asked Mr. Taft if he "had a good day."

The display of friendliness on the part of the two candidates stirred the crowd to renewed cheering and words being useless in the din, Mr. Taft stroked his throat for answer. Then Taft laughed and the applause increased.

"What is the matter with Bill?" cried someone in stentorian tones.

"He's all right."

"Who's all right?"

"Bill's all right."

It took music by the orchestra and a song by the guests to restore a semblance of quiet.

When talking in ordinary tones became possible, the two candidates entered into an animated conversation in which President Hall joined.

The speeches of both Mr. Taft and Mr. Bryan were not partisan. This was in consonance with the wishes of the Chicago Association of Commerce, which is a nonpartisan organization.

"MICHAEL'S"

Ribbon Bargains

"MICHAEL'S"

## Main Floor—25c the yard

We are just in receipt of about 20 pieces of 4 1/2 inch wide soft Louisenne ribbons in white, cream, black, tan, red, Copenhagen, navy, turquoise, pink, light blues, rose, tans, taupe, brown and lavender. These are splendid ribbons for millinery uses, sashes, etc., and are values at 35c the yard. These on sale at 25c the yard.

## In Bargain Basement—For Fancy Work

Now is the time that you want fancy ribbons for fancy work and we have just the kinds on our Bargain Basement sales tables. These ribbons are 4 to 4 1/2 inches wide and are plaids, persian, stripes and other splendid designs that are worth up to 50c the yard. These now can be had at 20c and 25c the yard. Make an early selection as you now have over seventy-five pieces to select from.

### Candidates Signed Menus.

When the last course had been served, both of the distinguished guests were kept busy signing menus which were passed up over the mat of orchids in front of their section of the speakers' table. Meanwhile the banquet hall remained in good natured disorder. The orchestra played incessantly, working the brasses and drums to the limit, but the music was almost drowned in the babel of shouts and songs.

"We're here because we're here," was a favorite.

"Dixie" inspired shrieks which apparently were not for anybody, but merely a symptom to the prevailing excitement.

And through it all the two candidates labored with smiling fortitude, signing their names.

The tumult which began with the entrance of Mr. Taft, lasted practically without cessation for forty-five minutes, with absolutely impartial impulse.

The meeting of the two candidates for the presidency was a unique event in political history. The candidates themselves realized that the event of their meeting was an extraordinary one.

"When I first began to run for the presidency," said Mr. Bryan, with an air that provoked much laughter, "there were no occasions of this kind."

"I have only begun to run for the presidency," replied Mr. Taft, "and I am glad that I did begin when the political amenities are better understood than when Mr. Bryan got his start."

But notwithstanding the exchanges of pleasantries, there was an underlying seriousness in the speeches made by both men to the same audience.

Mr. Bryan made the issue of regulation of corporations, but in advocating his ideas he did so with the wariness of one who knew he was addressing an audience made up of the directors of corporations.

Mr. Taft's theory of the most important question before the public is that the courts must do equal and exact justice to rich and poor alike.

It was one of the striking features of the unusual occurrence of the meeting of Mr. Taft and Mr. Bryan that either could have made the speech of the other without offending the most partisan follower.

With the conclusion of Mr. Taft's speech the banquet ended. The candidates shook hands cordially and parted, although they were delayed in leaving the hall by a rush of guests who wished to obtain their signatures.

## CLUNG TO A PLANK THIRTY-SIX HOURS

Lone Survivor of Crew Twenty-six Men Insane.

St. Pierre, Miquelon, Oct. 8.—A raving maniac, after clinging to a dory plank fighting for his place with two of his dogs for thirty-six hours in the North Atlantic, the captain of the French three-masted schooner Juanita was brought into this port by the fishing schooner General Archamere, the sole survivor of a crew of twenty-six men. The disaster, which is the worst that has befallen the fishing fleet on the Grand Banks in years, occurred last Wednesday night during the hurricane which swept northward from the West Indies.

The Juanita went down with all the crew. The captain was able to grasp a fragment of a dory and on this he kept afloat until rescued thirty-six

hours later. Shortly after the Juanita foundered the captain's two dogs swam to him, and it was only after a desperate struggle that he was able to keep his pets from clambering on the plank and swamping him.

The captain of the Juanita was in a semi-conscious condition when hoisted on board the Archamere, but was revived before the schooner dropped anchor. He is still delirious.

### Attack Speaker Cannon.

Chicago, Oct. 8.—Resolutions attacking Speaker Cannon for alleged blocking of action to curb interstate traffic in liquor were adopted at the final session of the Rock River conference of the Methodist Episcopal church. The resolutions were adopted amid loud applause in which cries of "shame" were mingled by ministers who had defended Speaker Cannon.

### Killed by an Auto.

Colorado Springs, Colo., Oct. 8.—J. Q. Wellington, a well known druggist of this city, was run down and instantly killed on Pike Peak avenue by an auto. The driver of the car made his escape and his identity is unknown.

### KILLS KANSAS EDITOR.

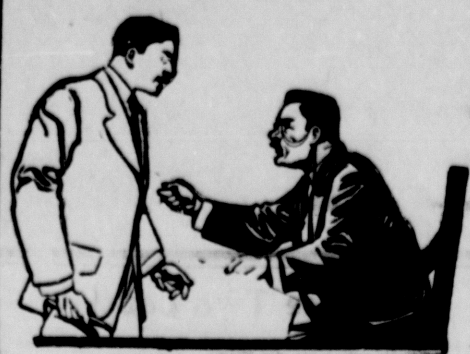

Town Marshal of Morrill Then Ends His Own Life.

Sabaetha, Kan., Oct. 8.—Angered because of a news item printed in the Morrill News, Perry Royer, marshal of Morrill, a town of several hundred persons eight miles east of Sabaetha, shot and killed J. H. Schmucker, editor of the News, and then committed suicide. As Schmucker went home Marshal Royer accosted him. The two men quarrelled as they walked toward Schmucker's home. After they had walked a block Royer picked up a stone and threw it at Schmucker. Schmucker struck Royer with a bucket. Thereupon Royer shot and killed the editor. Royer then walked to his home and shot himself to death.

### Cruiser Breaks All Records.

Glasgow, Oct. 8.—The British cruiser Inflexible at her official trial attained a speed of 27 1/4 knots, breaking all records. It was stated after the trial that her speed would have been greater had not the fog hindered.

### Oct. 8 In History.

1793—John Hancock, statesman and "signer," died at Quincy, Mass.; born 1737.  
1872—Remarkably rapid conflagration destroyed Pishtigo, Wis., and nearly all its inhabitants; a forest fire broke out during a drought, destroying over 2,000 lives and millions in property.  
1904—General Matt W. Ransom, noted Confederate leader in the civil war, died; born 1826.

GLOWING reports are coming in from all sections of the state for the republican ticket.

THE Taft-Jacobson club organized on Tuesday night bids fair to grow to huge proportions. Every republican in the city should see that his name is enrolled on the club books.

AN organized effort always is productive of more good results than the "go-as-you please" style. Get in line with the Taft-Jacobson club and help push.

MARY MCFADDEN, of the Duluth News-Tribune, offers to get a husband for some Chisholm widow if name and address is furnished. Mary's matrimonial bureau ought to be a success.

Gov. JOHNSON has cancelled his dates outside the state where he was supposed to campaign for Bryan and will devote his energies to his own campaign in Minnesota. The governor realizes that his own fences are in bad shape and that his flock is getting into other pastures—in other words the democratic committee is becoming alarmed and realize that their every effort will be needed if they expect anything near like a victory. J. F. Jacobson has made such inroads in the Johnson ranks that his managers dare not let the people lose sight of him for a moment.

J. F. JACOBSON, who speaks at the opera house tonight, will certainly interest his audience. All through the northern part of the state where he has been speaking he has been greeted with crowds that have taxed the seating capacity and in every instance he has been able to convince his audience of his earnestness of purpose and honesty of heart. Mr. Jacobson is logically the people's candidate, although the nominee of the republican party for governor. He is one of the common people, a man who does not assume to set the style or pose as a beauty show, but withal a man in all that the words imply—honest, clean of character and thoroughly competent to fill the position. The republican party has a candidate in J. F. Jacobson whom any man can support with credit to himself.

#### Had Jumped Board Bill and Also Passed Worthless Check On H. P. Dunn

A printer, giving the name of Edward Golden about town, but who was traveling under a typographical union card made out to H. E. Smith attempted to sneak away on the midnight train last night leaving a board bill at the City hotel unpaid. Landlord Smith at once wired to Staples and had him arrested and Deputy Sheriff Theorin went after him today noon. Mr. Theorin stated that he had received word from Staples that the fellow had snakes, but he considered that a ruse to avoid trial for the offense. Mr. Smith, of the City hotel states that he talked perfectly rational over the phone this morning, when he wanted the night clerk to authorize his release, promising to return and settle the bill.

Golden, who apparently has several cognomenm claimed to the business men that he was going to start a labor paper, telling some that he had \$1200 capital and telling others that he had a printing plant worth that amount. He had flowery wiretype of the business enterprises written up which he was going to use in an initial boom edition. They were written by Miss Halladay, who is still unpaid for her work.

Yesterday afternoon he went into Dunn's drug store after banking hours and secured \$6 on a worthless check drawn on the First National bank. Mr. Dunn stated this afternoon that he was uncertain as to whether or not he would prosecute him.

Deputy Sheriff Theorin returned with him this afternoon and he is in jail and according to Dr. Beise is in bad shape physically.

### THOUGHT TO BE UP RIVER

#### All Indications Point to the Thieves Having Gone in that Direction

Nearly every launch in Rice lake was stripped Tuesday night, all loose tools, fittings tents, etc., being taken. The boat house of Jay Henry Long was broken into and an acetylene head light and a large number of tools and small articles were taken.

The steamer Red Wing was also robbed of a tent and a lot of tools, fittings, etc., as were the launches of Geo. E. Whitney, Mr. Stade, that belonging to a man named Wilson, and in fact so far as learned, every boat on the lake was touched up. A steel duck boat and several tents were among the stuff stolen.

Joe Herbst's big steamer went up river Wednesday morning taking a number of passengers who were going on hunting trips and it is suspected that the thieves were among them. The sheriff and a couple of young men started out this afternoon to try and locate the stuff and the thieves.

**Blue Drinks.**  
"Champagne is golden," said a bartender, "beer is amber, claret is red, cream of mint is green, whisky is brown, punches are white, but you will never, never find a drink that is blue. Doesn't the thought of a blue drink seem unpleasant to you?"

"Blue drinks could be easily made, but the public would have none of them. Nothing blue would go down with the public. Why is this aversion to blue so general? Many reasons have been advanced, but none of them is good. One is that blue, being the color of poison bottles, incites distaste and horror."—New York Press.

# TO ORGANIZE AN ASSOCIATION

## Employees of the Northern Pacific to Band to Fight Hostile Railroad Legislation

### WILL MEET OCTOBER 13TH

#### Strong Committee Appointed to Work up the Proposed Organization

Messrs. J. A. Withey, of Crookston, representing the Great Northern employees and J. M. Grimes, of Duluth, representing the N. P. men, have been in the city the last few days in the interests of an organization of railroad men which is being organized throughout the nation to oppose hostile railroad legislation. There was a meeting of about 30 railroad men at the Commercial Club rooms Wednesday evening at which the following circular was signed and ordered issued calling a meeting at the Northern Pacific Library at the shops on the evening of Tuesday, Oct. 13:

"Brainerd, Minn., Oct. 7th, 1908. To all Railway Employees

With Headquarters at Brainerd:—

On account of there being so much adverse legislation in the past against different railroads throughout the country, which has materially reduced their earnings, we believe it will be only a matter of time, if this sort of thing continues, before our earnings will also be reduced. Therefore we believe we should perfect some sort of an organization as railway employees to work against all candidates for office who are not in sympathy with being fair to the different companies and their employees in the matter of any future legislation. With this object in view we, the undersigned committee, have arranged for a meeting at the N. P. Library Brainerd shops, at 7:30 p. m., Tuesday, October 13th, to perfect the organization. This invites all classes of railway employees to attend. We have arranged for speakers from the St. Paul Club.

ELECTED VICE PRESIDENT

Mrs. C. M. Patek of This City Elected District Vice President of Women's Clubs

Mrs. J. A. Thabes returned last from St. Cloud and reports that Mrs. C. M. Patek was elected vice president from the 6th congressional district by the State Federation of Women's Clubs. The Brainerd contingent feel much elated over the fact as this is the first time the city has been represented at the club meetings. Brainerd also had the largest delegation present of any club outside of St. Cloud. The rest of the delegation returned this afternoon.

Caught Happy Couple

Mr. and Mrs. Fred Craig, who were the newly-weds of Tuesday morning, thinking they could steal a march on their friends eluded them for a time and secured a carriage promising to take a short ride before train time. The ride seemed rather suspicious to the waiting friends, and after diligent inquiry it was learned that with two friends they had driven to Crow Wing to catch the train there and go on to St. Paul unmolested and laugh at their friends. The friends were not to be out done so a number of them boarded the train and caught them at Crow Wing and showered them good and plenty with rice, much to the chagrin of the then "unhappy" couple. The friends returned home in the carriage, thankful to the groom for his thoughtfulness.

TWENTY YEARS AGO

Mrs. G. A. Keene is visiting her sister, Mrs. Chas. Metcalf in St. Paul.

Ed. Kimball killed a fine moose up above Pelican lake last week. It weighed nearly 700 pounds.

A. Mahlum is in Chicago visiting friends.

Jerome Kelliher will give a grand ball in his new building on Front street his evening. His formal opening will take place Monday evening.

We understand that several gentleman at the shops, among them N. W. Wheatley and Wm. Percy have purchased 18 acres of land in the vicinity of the dam for which they paid \$2,000. This looks as though the rumor that men high up in the Northern Pacific railroad company had acquired all the enterprises formerly controlled by Mr. Kindred, was true.

Wallace Baine at the inter-state rifle shoot last week at Ft. Snelling, won the military badge for the states of Minnesota, Iowa, Wisconsin and Ill.

The fire department last evening decided to give an annual parade on Oct. 2nd. The parade will occur in the afternoon and companies from surrounding towns are invited to participate.

Geo. Merriott, of the Vendome, had the good luck to bring down a 200 pound black bear on Sunday. It was killed near Geo. Spicer's.

A pike weighing 24 pounds was caught at the dam Monday morning and was on exhibition at A. E. Taylor & Co.'s during the day.

H. Patterson will be a candidate for re-election as county commissioner from the Deerwood district.

Dr. Rosser, Geo. Keene and Joe Westfall returned Wednesday morning from a duck hunt near Jamestown. They report an excellent time and brought back over 200 ducks and ten wild geese.

John Cochran, the popular tonsorial artist, who has been visiting at his old home in Eaton, Maine, and other points in the east for the past nine weeks, returned home last night. He reports having had a splendid visit.

A bold burglary was committed on Wednesday morning at Sam Kee's Chinese laundry. \$175 which the Chinaman had saved was taken and though a man named McDonald was arrested nothing could be proved and he was allowed to go.

The sudden news of the death of Mrs. Emma Brown (nee Curry) was brought to this city this morning by wire from Glendive, Mont. The deceased was the wife of the master mechanic of the N. P. shops at that place. For some time previous to her marriage, which was less than a year ago, the lady held a responsible position in the Brainerd public schools, as teacher. The remains were brought to this city and laid to rest in Evergreen cemetery, the funeral taking place from her mother's residence on North Ninth street on Tuesday morning.

Ladies' Musical Club

The first meeting (President's Day) of the Ladies' Musical Club for this year will be held at the home of the President, Mrs. Irma Hartley Saturday afternoon, Oct. 10, 1908, at 3 p. m., No. 21 Bluff Ave. All members are urged to be present. Old members and new ones desiring to get tickets may procure them of the treasurer before the meeting.

**How to Get Strong**  
P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong. He says: "My mother who is old and very feeble, is deriving so much benefit from Electric Bitters, I that feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. ## EXPLOSION OF A GRAIN ELEVATOR

Results in the Death of Thirteen Persons.

### BLEW OFF THE ENTIRE ROOF

Scattered Timbers in All Directions Fire Followed the Explosion, Breaking Out All Over the Structure Almost Instantly—Twenty-one Men Were Employed in the Building, of Whom a Dozen Are Missing.

Richford, Vt., Oct. 8.—The large grain elevator owned jointly by the Canadian Pacific and the Boston and Maine railroad exploded, killing twelve men and one woman and injuring another woman probably fatally.

The explosion blew off the entire roof of the building, scattering timbers in all directions and almost instantly flames burst out all over the structure. Twenty-one men were employed in the building, of whom twelve are missing and undoubtedly perished. All lived in Richford.

Mrs. John Jelliffe, who was walking with a companion along the Canadian Pacific track close to the elevator, was burned to death, and an unknown woman who was with her was so badly burned that her life is despaired of. The total loss is estimated at \$400,000.

### WRECKED IN HURRICANE.

Old Cup Defender Mayflower Now is a Derelict.

Baltimore, Oct. 8.—Not laden with treasure rescued from a long lost Spanish galleon, as they had fondly hoped, but themselves castaways, rescued in the nick of time from the wreck of the once gallant cup defender, the yacht Mayflower, a dozen men were landed here by the Norwegian steamer Hippolyte Dumois after having passed through the terrors of the recent hurricane that swept up the coast.

The Mayflower, once the pride of the whole country as the successful defender of the "blue ribbon of the seas," the America's cup, is a derelict, tossed by the waves of the Atlantic ocean.

This is the unromantic end of a venture, tinged with romance, which had for its object the locating of a Spanish vessel lost many years ago in the Caribbean sea, with much treasure aboard. Of the men rescued five are Harvard men and the leaders of the expedition. The others are members of the crew of the Mayflower and it would seem the very irony of fate that the vessel of which the party went in search had already been located by others and all her discoverable gold removed.

It was as representing the Southern Exploration company that the expedition left New York on the morning of

Sept. 20 in the Mayflower, in which auxiliary engines had been placed. The weather was favorable until Thursday of last week, when about noon the hurricane was encountered, the Mayflower being at the time about 200 miles east of Watling Island. Captain Harding, after lifelong experience at sea, declared that the storm and the experiences it brought those in the party was the most harrowing he has ever known. All Thursday night the Mayflower, under bare poles, was tossed about by the mountainous waves, which swept everything movable from the decks.

### HELD AS AN ACCESSORY.

Widow Jailed in Connection With Murder of Her Husband.

Chester, Pa., Oct. 8.—That there might be no delay in fixing the responsibility for the murder of Captain J. Clayton Erb, national guardsman and politician, who was shot to death at his country home near Media late Monday night, a joint inquest and hearing was held in the case at the office of Alderman Smith in this city, after which Mrs. Erb was committed to jail as an accessory in the murder of her husband, and her sister, Mrs. Catherine Bessel, was held charged with the killing.

The testimony offered before the coroner was heard by Alderman Smith and after the coroner's jury had fixed the responsibility for the shooting, Alderman Smith committed Mrs. Bessel and Mrs. Erb, although the attorneys representing Mrs. Erb argued that there was no testimony to warrant the holding of the widow.

### NOW A COLLEGE PRESIDENT

Son of President Garfield Is Head of Williams College.

Williamstown, Mass., Oct. 8.—Harry Augustus Garfield of the class of '85, son of President James A. Garfield, was inducted into the office of president of Williams college. Seventy-five college presidents had accepted invitations to be present, and the ceremony of induction was witnessed by men prominent in civil and professional life. The state was represented by Governor Gullitt. James Bryce, ambassador of Great Britain, was also present, as well as United States Senator Crane and Mr. Garfield's three brothers, Secretary of the Interior Garfield, Irvin McDowell Garfield and Abram Garfield, all Williams men. The only living former president of Williams college, Rev. Dr. Franklin Carter, was an interested spectator.

### Kern Denounces Roosevelt.

Roanoke, Va., Oct. 8.—John W. Kern, the Democratic vice presidential candidate, denounced in no uncertain terms before a large audience here the participation of President Roosevelt in the national campaign, declaring that he had brought the high office he occupied to the level of ward politics.

### Explosion Kills Three Men.

Webb City, Mo., Oct. 8.—Five hundred pounds of dynamite and a steam boiler exploded at the Apache mine here, killing R. C. Feland, a mine operator, George Smith and Jasper Lee, injuring Frank Holderby and Ed Johnson and destroying the mine buildings.

## FOUR FOUND DEAD IN A TENEMENT

Quartette of Italians Killed by Illuminating Gas.

Waterbury, Conn., Oct. 8.—Four persons were found dead in a tenement house here. The deaths were due to asphyxiation by gas. All the victims are Italians. The tenement was filled with escaping gas.

The place where the deaths occurred is an Italian boarding house kept by Luciano Fanloro. When the police, who had been summoned by Demarco, arrived, they made their way to the first floor of the house and there found lying on the floor of a room four men already dead, two unconscious and three others in a semi-conscious condition. They carried the living down stairs and out of doors, and they were revived after some effort by the officers. It is supposed that the happening was accidental.

### THROUGH DEEP WATERWAY

Stately Ships Will Carry Products From Great Lakes to the Gulf.

Chicago, Oct. 8.—A picture of days when stately ships shall carry the rich products of the Central states from the Great Lakes to the Gulf of Mexico through a deep waterway, returning with products of no less value, was conjured up before the delegates and visitors to the third annual convention of the Lakes-to-the-Gulf Deep Waterway association by able speakers, headed by Judge William H. Taft.

The utterances were authoritative, for they came from Secretary Saunders of the association; President Kavanaugh, head of the organization; Governor Charles S. Deneen, of Illinois, who spoke of the first link of the great waterway—the Chicago drainage canal; and W. H. Taft, who had general supervision in Washington of the building of the Panama canal, until he resigned to become the presidential nominee of the Republican party.

The need of such a waterway was insisted upon by every speaker. The question of transportation, it was declared, is one of the most serious questions with which this country has to deal. Judge Taft's insistence that not only the deep waterway, but the conservation of the national resources, were related subjects which called for immediate action, elicited great applause. His statement that the waterway was not a project, but a policy, found a ready response in cheers of his auditors.

### HUGHES IN NEBRASKA.

New York Governor Reaches Extreme Western Point of His Tour.

Hastings, Neb., Oct. 8.—After having spoken in fourteen towns all within a radius of a few hundred miles of the home of the Democratic candidate for president, Governor Charles E. Hughes of New York in a speech here declared he was convinced that "the voice of Mr. Bryan's own country would not be the weakest in repudiating the Bryan and reaffirming the Republican policies next month."

At Lincoln Governor Hughes was escorted through the streets by Governor George L. Sheldon of Nebraska in an automobile decorated with a large placard bearing the words: "Hughes—1912, Sheldon, 1916."

Enthusiastic crowds greeted the New York governor when he spoke from the train at Ashland, Havelock, York and other stops. The yells of cowboys and the music of a brass band from a "Wild West" show joined in the tumult of greeting at Grand Island. The public schools at Kearney were dismissed to allow the public to hear the governor. At Hastings, Governor Hughes reached the extreme Western point of his tour.

Speech is silver, but the golden truths uttered by Judge Taft will maintain parity and maintain Republican doctrine as the sound basis of political values.

### WINS GAME FROM BOSTON

New York Will Now Meet Chicago in Decisive Contest.

New York, Oct. 8.—In the final game of the Boston series, and the last of the regular schedule, the New York team not only most emphatically demonstrated superior class, but averted the possibility of a triple tie of the three leaders, which in case of defeat by Boston and victory over Chicago, would have necessitated a specially arranged series for determining the pennant winner and would have held almost endless possibilities. The victory over Boston by the score of 7 to 2, makes the coming contest with Chicago unique in base ball history. In it is concentrated the intensest interest of enthusiasts throughout the country, and all the indications are that the contest will prove a spectacular climax to a season in which kaleidoscopic changes have held attention to the very last minute.

The first inning with Boston gave the New York followers a chill; but the home team soon got into form and from then on it was merely practice in preparation for the contest with Chicago.

The feature of the game was McCormick's phenomenal one-handed catch of a long fly which he held by reaching far out over a fence.

The only other game in the league, at Philadelphia, was won by the local club from Brooklyn by a score of 4 to 2.

American League.  
At Boston, 10; Philadelphia, 1. Second game—Boston, 3; Philadelphia, 5.  
At Washington, 1; New York, 0—eleven innings. Second game—Washington, 9; New York, 4.

### WILL NOT GO ON STUMP.

Roosevelt Will Not Tour the Country in Support of Taft.

Washington, Oct. 8.—President Roosevelt has announced that he would make no speeches in support of the candidacy of William H. Taft for the presidency, as there was no necessity for such action. This declaration was made during a call of Senator Hemenway of Indiana, one of a series of conferences at the White House. Mr. Hemenway asked the president regarding the report that he would take the stump. The president replied that he had received numerous requests to do so, but he thought it was unnecessary and made the unequivocal statement that he would not make any speeches. Mr. Hemenway declared that both the national and state tickets would be elected in Indiana.

National Committeeman W. L. Ward of New York and National Committeeman D. W. Mulvane of Kansas also talked politics with the president. Mr. Mulvane told the president that he felt assured everything was favorable for Mr. Taft in Kansas. Mr. Ward stated that Secretary Root would speak in New York on Oct. 31 and that he was trying to induce the secretary to make other speeches for the Republican ticket.

### Shot and Killed a Widow.

Cairo, Ill., Oct. 8.—Mrs. Ellen McCleary, a widow, was shot and instantly killed here by Walter Davidge. Davidge was out with the sixteen year-old daughter of Mrs. McCleary. She followed them and made an attack on Davidge. He shot her and then escaped.

### One Fireman Killed.

Buffalo, N. Y., Oct. 8.—One fireman was killed and eight were injured in the collapse of the burning walls of a small grain elevator on Broadway. The elevator and a flour and feed mill owned by A. Nowak & Son, were destroyed, causing a loss of about \$100,000.

Political revolutions cast shadows before. The Republican west, golden with sunshine and fat with harvests, throws no sinister portent of departure from its happy union with Ohio and New York.

### Ninety Foot Stack of Barley.

The largest stack of barley, sacked and then piled up, ever known in the history of the west now lies near Garfield, Wash., the result of a determined pool by the farmers to hold their grain until such a time as the market price is enough to warrant them to sell at a profit. The stack of grain is ninety feet high, and much labor was expended in order that the grain might be piled in such a manner to enable the whole to be covered with tarpaulins. Many hundred farmers or hands labored at the work, and the covered stack looks like a small mountain.

## UPRISING ON THE ISLAND OF CRETE

People Issue Decree Proclaiming Union With Greece.

### PROTESTS TO THE POWERS

Turkey Sends a Circular Note Asking Them What Steps They Mean to Take Looking to the Re-Establishment of Order in Bulgaria—Great Britain Asks Austria to Reconsider Her Act in Annexing Two Provinces.

London, Oct. 8.—The people on the island of Crete, stirred by the events in Southeastern Europe, the independence of Bulgaria and the annexation of Bosnia and Herzegovina by Austria, have arisen and proclaimed union with Greece.

The Turkish government has sent to the powers a circular protesting against the Bulgarian proclamation and asking the powers what steps they mean to take looking to the re-establishment of order in Bulgaria and the maintenance of Turkey's interests, which were guaranteed by the treaty of Berlin. Great Britain in reply to the notification of Austria-Hungary's proposed annexation of Bosnia and Herzegovina has refused a sanction and has practically requested the Austro-Hungary government to reconsider it.

Both Premier Asquith and Foreign Secretary Grey in public addresses touched upon the Balkan question, the former asserting that the British government would not stand alone among the powers in its present attitude, the latter expressing the belief that nothing has happened thus far that would lead to a breach of the peace.

In Serbia there is popular clamor for war against Austria-Hungary, and the Serbian government has issued an appeal to the powers requesting them to restore the status quo, or else to grant Serbia compensations.

Italy, through Signor Tittoni, the foreign minister, has demanded that addition to evacuation of Novipazar, Austria renounce the protectorate which she has exercised over Montenegro under the Berlin treaty. Italy, one with Great Britain, France and Austria counselling the holding of a conference of the powers for the purpose of examining into the complications that have arisen, and if necessary revising the treaty of Berlin.

### DECREE IS PUBLISHED.

announces the Union of Crete With Greece.

Canea, Island of Crete, Oct. 8.—A decree announcing the union of Crete with Greece has been published here. The decree, which was the climax of a long and dramatic struggle, was signed by the people of Crete and was published in the morning. The town was bedecked and early in the morning the people began flocking in from all sections. There was much firing of guns and revolvers, with plenty of cheering, but perfect order prevailed. Mussulmans mingled with Christians peacefully and unmolested.

At 2 o'clock in the afternoon a great demonstration in favor of union with Greece occurred on the military review grounds. More than 100,000 people, one of the largest crowds ever seen here, gathered at this place.

All the prominent revolutionary leaders, each with his banner flying, appeared, and they were supported by the heads of the different political

parties, the mayors of the towns, the clergy and others influential in the councils of the island. Speeches were made by various representatives, who declared that the peaceful political revolution which they had assembled to consummate was not directed against the powers, which had been the island's benefactors, but solely at proclaiming the island's union with the motherland. They called upon the government to act henceforth in the name of the free kingdom of Greece.

They urged the people as a duty to go respectfully and announce their decision to the representatives of the powers; then they must call together an assembly to confirm the people's decision by an official vote.

Ten thousand men thereupon marched, singing and shouting, to the various consulates, leaving at each of them a written copy of the resolutions adopted. They then surged to the governor's palace and lowered the flag of Crete, raising the Greek flag in its place. The flags on all the public buildings were similarly replaced by the flag of Greece. With incessant and wild cheering for the union, the great procession made its way to the fortress, where a Greek flag also was sent to the top of a flagstaff, but the French troops insisted upon lowering it, and unfurl the flag of Crete and those of the four protecting powers.

### MAKES INSISTENT APPEAL

Turkey Wants to Know What the Powers Will Do.

Paris, Oct. 8.—The Turkish circular protesting against the Bulgarian proclamation has been transmitted to M. Pinchon, the foreign minister. After energetically calling attention to the flagrant violation of the treaty of Berlin, Turkey makes an insistent appeal to the signatories of the treaty to advise the porte at the earliest possible moment what dispositions, such as an international conference, they propose to take, "to examine the conditions for the re-establishment of legal order in Bulgaria and Eastern Rumelia and for the maintenance of the interests which international treaties assure Turkey."

In conclusion the circular says: "The Ottoman government could have recourse to force, but respecting treaties and solicitude for the common interests and appreciating the necessity for European peace, it prefers to avoid such extremity and therefore calmly awaits the decision of the powers, at the same time expressly reserving to itself all the rights guaranteed by international conventions."

### HARMONY REIGNS.

Factional Troubles of American Society of Equity Forgotten.

Milwaukee, Oct. 8.—All factional trouble in the ranks of the American Society of Equity disappeared in a tumultuous wave of unanimity. Internal disruptions of a year were forgotten.

Resolutions were adopted demanding that an injunction be secured at once to prevent J. A. Everett from issuing his call for a convention of the American Society of Equity in Indianapolis.

The society went on record as favoring an amendment to the Sherman anti-trust act excluding the American Society of Equity from its jurisdiction.

An outspoken support of the night riders of Kentucky by Delegate J. H. Purrey of Greenville, Ky., and the adoption of the report of the committee on minimum prices were other features of the day.

## RIVALS MEET AT BANQUET

Taft and Bryan Guests of a Chicago Association.

### MOMENT IS A DRAMATIC ONE

Republican and Democratic Candidates Shake Hands and Exchange Cordial Greetings—Meeting is the First of Its Kind Since the Lincoln and Douglas Campaign Preceding the Civil War.

Chicago, Oct. 8.—W. J. Bryan and W. H. Taft, rival candidates for the presidency of the United States, met at the fourth annual banquet of the Chicago Association of Commerce. The meeting is said to have been the first of its kind since the Lincoln and Douglas campaign preceding the Civil war.

Intense interest in the meeting had been manifested since it first became known that the two candidates were to meet in public, and every seat in three banquet halls at the Auditorium hotel, thrown together for the occasion, was occupied when the first course was served, save only a commodious chair reserved for Judge Taft.

An ear-splitting shout gave warning of the arrival of Judge Taft. Mr. Bryan, in common with everyone else, arose and looked toward the entrance. A huge frame, moving like a ship amongst a swarm of tugs, was moving slowly up the narrow aisle between two tables. Those at a distance occasionally could catch a glimpse of a smiling face, acknowledging greetings. A policeman in uniform and assistants in plain clothes aided in the progress of the distinguished guest. Mr. Bryan, who had paused in the destruction of some sort of a chop suey masquerading under a French name, turned his head slowly as his political rival drew near, smiling slightly.

### Dramatic Moment Soon Over.

The dramatic moment which had been anticipated with such deep interest was soon over. Mr. Bryan's hand awaited that of Mr. Taft. A single lingering pressure, a word or so which none could overhear because of the tumult, and the Republican leader passed on to a chair at the right of Mr. Hall. The cheering continued for a minute or so after those at the speakers' table had taken their seats. At the first moment the noise subsided, Mr. Bryan, leaning to one side and smiling broadly, asked Mr. Taft if he "had a good day."

The display of friendliness on the part of the two candidates stirred the crowd to renewed cheering and words being useless in the din, Mr. Taft stroked his throat for answer. Then Taft laughed and the applause increased.

"What is the matter with Bill?" cried someone in stentorian tones.

"He's all right."

"Who's all right?"

"Bill's all right."

It took music by the orchestra and a song by the guests to restore a semblance of quiet.

When talking in ordinary tones became possible, the two candidates entered into an animated conversation in which President Hall joined.

The speeches of both Mr. Taft and Mr. Bryan were not partisan. This was in consonance with the wishes of the Chicago Association of Commerce, which is a nonpartisan organization.

## Main Floor—25c the yard

We are just in receipt of about 20 pieces of 4 1/4 inch wide soft Louisenne ribbons in white, cream, black, tan, red, Copenhagen, navy, turquoise, pink, light blues, rose, tans, taupe, brown and lavender. These are splendid ribbons for millinery uses, sashes, etc., and are values at 35c the yard. These on sale at 25c the yard.

## In Bargain Basement—For Fancy Work

Now is the time that you want fancy ribbons for fancy work and we have just the kinds on our Bargain Basement sales tables. These ribbons are 4 to 4 1/4 inches wide and are plaids, persian, stripes and other splendid designs that are worth up to 50c the yard. These now can be had at 20c and 25c the yard. Make an early selection as you now have over seventy-five pieces to select from.

### Candidates Signed Menus.

When the last course had been served, both of the distinguished guests were kept busy signing menus which were passed up over the mat of orchids in front of their section of the speakers' table. Meanwhile the banquet hall remained in good natured disorder. The orchestra played incessantly, working the brasses and drums to the limit, but the music was almost drowned in the babel of shouts and songs.

"We're here because we're here," was a favorite.

"Dixie" inspired shrieks which apparently were not for anybody, but merely a symptom to the prevailing excitement.

And through it all the two candidates labored with smiling fortitude, signing their names.

The tumult which began with the entrance of Mr. Taft, lasted practically without cessation for forty-five minutes, with absolutely impartial impulse.

The meeting of the two candidates for the presidency was a unique event in political history. The candidates themselves realized that the event of their meeting was an extraordinary one.

"When I first began to run for the presidency," said Mr. Bryan, with an air that provoked much laughter, "there were no occasions of this kind." "I have only begun to run for the presidency," replied Mr. Taft, "and I am glad that I did begin when the political amenities are better understood than when Mr. Bryan got his start."

But notwithstanding the exchanges of pleasantries, there was an underlying seriousness in the speeches made by both men to the same audience.

Mr. Bryan made the issue of regulation of corporations, but in advocating his ideas he did so with the wariness of one who knew he was addressing an audience made up of the directors of corporations.

Mr. Taft's theory, of the most important question before the public is that the courts must do equal and exact justice to rich and poor alike.

It was one of the striking features of the unusual occurrence of the meeting of Mr. Taft and Mr. Bryan that either could have made the speech of the other without offending the most partisan follower.

With the conclusion of Mr. Taft's speech the banquet ended. The candidates shook hands cordially and parted, although they were delayed in leaving the hall by a rush of guests who wished to obtain their signatures.

### KILLS KANSAS EDITOR.

Town Marshal of Morrill Then Ends His Own Life.

Sabaetha, Kan., Oct. 8.—Angered because of a news item printed in the Morrill News, Perry Royer, marshal of Morrill, a town of several hundred persons eight miles east of Sabaetha, shot and killed J. H. Schmucker, editor of the News, and then committed suicide. As Schmucker went home Marshal Royer accosted him. The two men quarrelled as they walked toward Schmucker's home. After they had walked a block Royer picked up a stone and threw it at Schmucker. Schmucker struck Royer with a bucket. Thereupon Royer shot and killed the editor. Royer then walked to his home and shot himself to death.

## CLUNG TO A PLANK THIRTY-SIX HOURS

Lone Survivor of Crew Twenty-six Men Insane.

St. Pierre, Miquelon, Oct. 8.—A raving maniac, after clinging to a dory plank fighting for his place with two of his dogs for thirty-six hours in the North Atlantic, the captain of the French three-masted schooner Juanita was brought into this port by the fishing schooner General Archambert, the sole survivor of a crew of twenty-six men. The disaster, which is the worst that has befallen the fishing fleet on the Grand Banks in years, occurred last Wednesday night during the hurricane which swept northward from the West Indies.

The Juanita went down with all the crew. The captain was able to grasp a fragment of a dory and on this he kept afloat until rescued thirty-six

hours later. Shortly after the Juanita foundered the captain's two dogs swam to him, and it was only after a desperate struggle that he was able to keep his pets from clambering on the plank and swamping him.

The captain of the Juanita was in a semi-conscious condition when hoisted on board the Archambert, but was revived before the schooner dropped anchor. He is still delirious.

### Attack Speaker Cannon.

Chicago, Oct. 8.—Resolutions attacking Speaker Cannon for alleged blocking of action to curb interstate traffic in liquor were adopted at the final session of the Rock River conference of the Methodist Episcopal church. The resolutions were adopted amid loud applause in which cries of "shame" were mingled by ministers who had defended Speaker Cannon.

1793—John Hancock, statesman and "signer," died at Quincy, Mass.; born 1737.

1872—Remarkably rapid conflagration destroyed Pishtigo, Wis., and nearly all its inhabitants; a forest fire broke out during a drought, destroying over 2,000 lives and millions in property.

1864—General Matt W. Ransom, noted Confederate leader in the civil war, died; born 1828.

GLOWING reports are coming in from all sections of the state for the republican ticket.

THE Taft-Jacobson club organized on Tuesday night bids fair to grow to huge proportions. Every republican in the city should see that his name is enrolled on the club books.

AN organized effort always is productive of more good results than the "go-as-you-please" style. Get in line with the Taft-Jacobson club and help push.

MARY MCFADDEN, of the Duluth News-Tribune, offers to get a husband for some Chisholm widow if name and address is furnished. Mary's matrimonial bureau ought to be a success.

GOV. JOHNSON has cancelled his dates outside the state where he was supposed to campaign for Bryan and will devote his energies to his own campaign in Minnesota. The governor realizes that his own fences are in bad shape and that his flock is getting into other pastures—in other words the democratic committee is becoming alarmed and realize that their every effort will be needed if they expect anything near like a victory. J. F. Jacobson has made such inroads in the Johnson ranks that his managers dare not let the people lose sight of him for a moment.

J. F. JACOBSON, who speaks at the opera house tonight, will certainly interest his audience. All through the northern part of the state where he has been speaking he has been greeted with crowds that have taxed the seating capacity and in every instance he has been able to convince his audience of his earnestness of purpose and honesty of heart. Mr. Jacobson is logically the people's candidate, although the nominee of the republican party for governor. He is one of the common people, a man who does not assume to set the style or pose as a beauty show, but withal a man in all that the words imply—honest, clean of character and thoroughly competent to fill the position. The republican party has a candidate in J. F. Jacobson whom any man can support with credit to himself.

Had Jumped Board Bill and Also  
Passed Worthless Check On  
H. P. Dunn

A printer, giving the name of Edward Golden about town, but who was traveling under a typographical union card made out to H. E. Smith attempted to sneak away on the midnight train last night leaving a board bill at the City hotel unpaid. Landlord Smith at once wired to Staples and had him arrested and Deputy Sheriff Theorin went after him today noon. Mr. Theorin stated that he had received word from Staples that the fellow had snakes, but he considered that a ruse to avoid trial for the offense. Mr. Smith, of the City hotel states that he talked perfectly rational over the phone this morning, when he wanted the night clerk to authorize his release, promising to return and settle the bill.

Golden, who apparently has several cognomen claimed to the business men that he was going to start a labor paper, telling some that he had \$1200 capital and telling others that he had a printing plant worth that amount. He had flowery writeups of the business enterprises written up which he was going to use in an initial boom edition. They were written by Miss Halladay, who is still unpaid for her work.

Yesterday afternoon he went into Dunn's drug store after banking hours and secured \$6 on a worthless check drawn on the First National bank. Mr. Dunn stated this afternoon that he was uncertain as to whether or not he would prosecute him.

Deputy Sheriff Theorin returned with him this afternoon and he is in jail and according to Dr. Beise is in bad shape physically.

Thieves Broke Into Boat Houses  
and Boat Lockers on Rice  
Lake Tuesday Night

THOUGHT TO BE UP RIVER

All Indications Point to the  
Thieves Having Gone in  
that Direction

Nearly every launch in Rice lake was stripped Tuesday night, all loose tools, fittings, etc., being taken. The boat house of Jay Henry Long was broken into and an acetylene head light and a large number of tools and small articles were taken.

The steamer Red Wing was also robbed of a tent and a lot of tools, fittings, etc., as were the launches of Geo. E. Whitney, Mr. Stade, that belonging to a man named Wilson, and in fact so far as learned, every boat on the lake was touched up. A steel duck boat and several tents were among the stuff stolen.

Joe Herbst's big steamer went up river Wednesday morning taking a number of passengers who were going on hunting trips and it is suspected that the thieves were among them. The sheriff and a couple of young men started out this afternoon to try and locate the stuff and the thieves.

Blue Drinks.

"Champagne is golden," said a bartender, "beer is amber, claret is red, cream of mint is green, whisky is brown, punches are white, but you will never, never find a drink that is blue. Doesn't the thought of a blue drink seem unpleasant to you?"

"Blue drinks could be easily made, but the public would have none of them. Nothing blue would go down with the public. Why is this aversion to blue so general? Many reasons have been advanced, but none of them is good. One is that blue, being the color of poison bottles, incites distaste and horror."—New York Press.

TO ORGANIZE  
AN ASSOCIATION

Employees of the Northern Pacific  
to Band to Fight Hostile  
Railroad Legislation

WILL MEET OCTOBER 13TH

Strong Committee Appointed to  
Work up the Proposed  
Organization

Messrs. J. A. Withey, of Crookston, representing the Great Northern employees and J. M. Grimes, of Duluth, representing the N. P. men, have been in the city the last few days in the interests of an organization of railroad men which is being organized throughout the nation to oppose hostile railroad legislation. There was a meeting of about 30 railroad men at the Commercial Club rooms Wednesday evening at which the following circular was signed and ordered issued calling a meeting at the Northern Pacific Library at the shops on the evening of Tuesday, Oct. 13:

"Brainerd, Minn., Oct. 7th, 1908.

To all Railway Employees

With Headquarters at Brainerd:—

On account of there being so much adverse legislation in the past against different railroads throughout the country, which has materially reduced their earnings, we believe it will be only a matter of time, if this sort of thing continues, before our earnings will also be reduced. Therefore we believe we should perfect some sort of an organization as railway employees to work against all candidates for office who are not in sympathy with being fair to the different companies and their employees in the matter of any future legislation. With this object in view we, the undersigned committee, have arranged for a meeting at the N. P. Library Brainerd shops, at 7:30 p. m., Tuesday, October 13th, to perfect the organization. This invites all classes of railway employees to attend. We have arranged for speakers from the St. Paul Club.

ELECTED VICE PRESIDENT

Mrs. C. M. Patek of This City Elected  
District Vice President of  
Women's Clubs

Mrs. J. A. Thabes returned last from St. Cloud and reports that Mrs. C. M. Patek was elected vice president from the 6th congressional district by the State Federation of Women's Clubs. The Brainerd contingent feel much elated over the fact as this is the first time the city has been represented at the club meetings. Brainerd also had the largest delegation present of any club outside of St. Cloud. The rest of the delegation returned this afternoon.

A Sure-enough Knocker

J. C. Goodwin, of Reidsville, N. C., says: "Bucklen's Arnica Salve is a sure-enough knocker for ulcers. A bad one came on my leg last summer, but that wonderful salve knocked it out in a few rounds. Not even a scar remained." Guaranteed for piles, sores, burns, etc. 25c at H. P. Dunn's drug store.

Caught Happy Couple

Mr. and Mrs. Fred Craig, who were the newly-weds of Tuesday morning, thinking they could steal a march on their friends eluded them for a time and secured a carriage promising to take a short ride before train time. The ride seemed rather suspicious to the waiting friends, and after diligent inquiry it was learned that with two friends they had driven to Crow Wing to catch the train there and go on to St. Paul unmolested and laugh at their friends. The friends were not to be out done so a number of them boarded the train and caught them at Crow Wing and showered them good and plenty with rice, much to the chagrin of the then "unhappy" couple. The friends returned home in the carriage, thankful to the groom for his thoughtfulness.

TWENTY YEARS AGO

Mrs. G. A. Keene is visiting her sister, Mrs. Chas. Metcalf in St. Paul.

Ed. Kimball killed a fine moose up above Pelican lake last week. It weighed nearly 700 pounds.

A. Mahlum is in Chicago visiting friends.

Jerome Kelliher will give a grand ball in his new building on Front street his evening. His formal opening will take place Monday evening.

We understand that several gentlemen at the shops, among them N. W. Wheatley and Wm. Percy have purchased 18 acres of land in the vicinity of the dam for which they paid \$2,000. This looks as though the rumor that men high up in the Northern Pacific railroad company had acquired all the enterprises formerly controlled by Mr. Kindred, was true.

Wallace Baine at the inter-state rifle shoot last week at Ft. Snelling, won the military badge for the states of Minnesota, Iowa, Wisconsin and Ill.

The fire department last evening decided to give an annual parade on Oct. 2nd. The parade will occur in the afternoon and companies from surrounding towns are invited to participate.

Geo. Merriott, of the Vendome, had the good luck to bring down a 200 pound black bear on Sunday. It was killed near Geo. Spicer's.

A pike weighing 24 pounds was caught at the dam Monday morning and was on exhibition at A. E. Taylor & Co.'s during the day.

H. Patterson will be a candidate for re-election as county commissioner from the Deerwood district.

Dr. Rosser, Geo. Keene and Joe Westfall returned Wednesday morning from a duck hunt near Jamestown. They report an excellent time and brought back over 200 ducks and ten wild geese.

John Cochran, the popular tonsorial artist, who has been visiting at his old home in Eaton, Maine, and other points in the east for the past nine weeks, returned home last night. He reports having had a splendid visit.

A bold burglary was committed on Wednesday morning at Sam Kee's Chinese laundry. \$175 which the Chinaman had saved was taken and though a man named McDonald was arrested nothing could be proved and he was allowed to go.

The sudden news of the death of Mrs. Emma Brown (nee Curry) was brought to this city this morning by wire from Glendive, Mont. The deceased was the wife of the master mechanic of the N. P. shops at that place. For some time previous to her marriage, which was less than a year ago, the lady held a responsible position in the Brainerd public schools, as teacher. The remains were brought to this city and laid to rest in Evergreen cemetery, the funeral taking place from her mother's residence on North Ninth street on Tuesday morning.

Ladies' Musical Club

The first meeting (President's Day) of the Ladies' Musical Club for this year will be held at the home of the President, Mrs. Irma Hartley Saturday afternoon, Oct. 10, 1908, at 3 p. m., No. 21 Bluff Ave. All members are urged to be present. Old members and new ones desiring to get tickets may procure them of the treasurer before the meeting.

How to Get Strong

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong. He says: "My mother who is old and very feeble, is deriving so much benefit from Electric Bitters, I that feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at Dunn's drug store. 50c.

## EXPLOSION OF A GRAIN ELEVATOR

Results in the Death of Thirteen Persons.

BLEW OFF THE ENTIRE ROOF

Scattered Timbers in All Directions. Fire Followed the Explosion, Breaking Out All Over the Structure Almost Instantly—Twenty-one Men Were Employed in the Building, of Whom a Dozen Are Missing.

Richford, Vt., Oct. 8.—The large grain elevator owned jointly by the Canadian Pacific and the Boston and Maine railroad exploded, killing twelve men and one woman and injuring another woman probably fatally.

The explosion blew off the entire roof of the building, scattering timbers in all directions and almost instantly flames burst out all over the structure. Twenty-one men were employed in the building, of whom twelve are missing and undoubtedly perished. All lived in Richford.

Mrs. John Jelliffe, who was walking with a companion along the Canadian Pacific track close to the elevator, was burned to death, and an unknown woman who was with her was so badly burned that her life is despaired of. The total loss is estimated at \$400,000.

WRECKED IN HURRICANE.

Old Cup Defender Mayflower Now Is a Derelict.

Baltimore, Oct. 8.—Not laden with treasure rescued from a long lost Spanish galleon, as they had fondly hoped, but themselves castaways, rescued in the nick of time from the wreck of the once gallant cup defender, the yacht Mayflower, a dozen men were landed here by the Norwegian steamer Hippolyte Dumois after having passed through the terrors of the recent hurricane that swept up the coast.

The Mayflower, once the pride of the whole country as the successful defender of the "blue ribbon of the seas," the America's cup, is a derelict, tossed by the waves of the Atlantic ocean.

This is the unromantic end of a venture, tinged with romance, which had for its object the locating of a Spanish vessel lost many years ago in the Caribbean sea, with much treasure aboard. Of the men rescued five are Harvard men and the leaders of the expedition. The others are members of the crew of the Mayflower and it would seem the very irony of fate that the vessel of which the party went in search had already been located by others and all her discoverable gold removed.

It was as representing the Southern Exploration company that the expedition left New York on the morning of

Sept. 20 in the Mayflower, in which auxiliary engines had been placed. The weather was favorable until Thursday of last week, when about noon the hurricane was encountered, the Mayflower being at the time about 200 miles east of Watling island. Captain Harding, after lifelong experience at sea, declared that the storm and the experiences it brought those in the party was the most harrowing he has ever known. All Thursday night the Mayflower, under bare poles, was tossed about by the mountainous waves, which swept everything movable from the decks.

HELD AS AN ACCESSORY.

Widow Jailed in Connection With Murder of Her Husband.

Chester, Pa., Oct. 8.—That there might be no delay in fixing the responsibility for the murder of Captain J. Clayton Erb, national guardsman and politician, who was shot to death at his country home near Media late Monday night, a joint inquest and hearing was held in the case at the office of Alderman Smith in this city, after which Mrs. Erb was committed to jail as an accessory in the murder of her husband, and her sister, Mrs. Catherine Belsel, was held charged with the killing.

The testimony offered before the coroner was heard by Alderman Smith and after the coroner's jury had fixed the responsibility for the shooting, Alderman Smith committed Mrs. Belsel and Mrs. Erb, although the attorneys representing Mrs. Erb argued that there was no testimony to warrant the holding of the widow.

NOW A COLLEGE PRESIDENT

Son of President Garfield Is Head of Williams College.

Williamstown, Mass., Oct. 8.—Harry Augustus Garfield of the class of '85, son of President James A. Garfield, was inducted into the office of president of Williams college. Seventy-five college presidents had accepted invitations to be present, and the ceremony of induction was witnessed by men prominent in civil and professional life. The state was represented by Governor Gullitt. James Bryce, ambassador of Great Britain, was also present, as well as United States Senator Crane and Mr. Garfield's three brothers, Secretary of the Interior Garfield, Irvin McDowell Garfield and Abram Garfield, all Williams men. The only living former president of Williams college, Rev. Dr. Franklin Carter, was an interested spectator.

Kern Denounces Roosevelt.

Roanoke, Va., Oct. 8.—John W. Kern, the Democratic vice presidential candidate, denounced in no uncertain terms before a large audience here the participation of President Roosevelt in the national campaign, declaring that he had brought the high office he occupied to the level of ward politics.

Explosion Kills Three Men.

Webb City, Mo., Oct. 8.—Five hundred pounds of dynamite and a steam boiler exploded at the Apache Mine here, killing R. C. Feland, a mine operator, George Smith and Jasper Lee, injuring Frank Holdridge and Ed Johnson and destroying the mine buildings.

No Prize Fights in Milwaukee.

## FOUR FOUND DEAD IN A TENEMENT

Quartette of Italians Killed by Illuminating Gas.

Waterbury, Conn., Oct. 8.—Four persons were found dead in a tenement house here. The deaths were due to asphyxiation by gas. All the victims are Italians. The tenement was filled with escaping gas.

The place where the deaths occurred is an Italian boarding house kept by Luciano Fanloro. When the police, who had been summoned by Demarco, arrived, they made their way to the first floor of the house and there found lying on the floor of a room four men already dead, two unconscious and three others in a semi-conscious condition. They carried the living down stairs and out of doors, and they were revived after some effort by the officers. It is supposed that the happening was accidental.

THROUGH DEEP WATERWAY

Stately Ships Will Carry Products From Great Lakes to the Gulf.

Chicago, Oct. 8.—A picture of days when stately ships shall carry the rich products of the Central states from the Great Lakes to the Gulf of Mexico through a deep waterway, returning with products of no less value, was conjured up before the delegates and visitors to the third annual convention of the Lakes-to-the-Gulf Deep Waterway association by able speakers, headed by Judge William H. Taft.

The utterances were authoritative, for they came from Secretary Saunders of the association; President Kavanaugh, head of the organization; Governor Charles S. Deneen, of Illinois, who spoke of the first link of the great waterway—the Chicago drainage canal; and W. H. Taft, who had general supervision in Washington of the building of the Panama canal, until he resigned to become the presidential nominee of the Republican party.

The need of such a waterway was insisted upon by every speaker. The question of transportation, it was declared, is one of the most serious questions with which this country has to deal. Judge Taft's insistence that not only the deep waterway, but the conservation of the national resources, were related subjects which called for immediate action, elicited great applause. His statement that the waterway was not a mere policy, but a policy, found a ready response in cheers of his auditors.

HUGHES IN NEBRASKA.

New York Governor Reaches Extreme Western Point of His Tour.

Hastings, Neb., Oct. 8.—After having spoken in fourteen towns all within a radius of a few hundred miles of the home of the Democratic candidate for president, Governor Charles E. Hughes of New York in a speech here declared he was convinced that "the voice of Mr. Bryan's own country would not be the weakest in repudiating the Bryan and reaffirming the Republican policies next month."

At Lincoln Governor Hughes was escorted through the streets by Governor George L. Sheldon of Nebraska in an automobile decorated with a large placard bearing the words: "Hughes—1912, Sheldon, 1916."

Enthusiastic crowds greeted the New York governor when he spoke from the train at Ashland, Havelock, York and other stops. The yells of cowboys and the music of a brass band from a "Wild West" show joined in the tumult of greeting at Grand Island. The public schools at Kearney were dismissed to allow the public to hear the governor. At Hastings, Governor Hughes reached the extreme Western point of his tour.

Speech is silver, but the golden truths uttered by Judge Taft will maintain parity and maintain Republican doctrine as the sound basis of political values.

WINS GAME FROM BOSTON

New York Will Now Meet Chicago in Decisive Contest.

New York, Oct. 8.—In the final game of the Boston series, and the last of the regular schedule, the New York team not only most emphatically demonstrated superior class, but averted the possibility of a triple tie of the three leaders, which in case of defeat by Boston and victory over Chicago, would have necessitated a specially arranged series for determining the pennant winner and would have held almost endless possibilities. The victory over Boston by the score of 7 to 2, makes the coming contest with Chicago unique in base ball history. It is concentrated the intensest interest of enthusiasts throughout the country, and all the indications are that the contest will prove a spectacular climax to a season in which kaleidoscopic changes have held attention to the very last minute.

The first inning with Boston gave the New York followers a chill; but the home team soon got into form and from then on it was merely practice in preparation for the contest with Chicago.

The feature of the game was McCormick's phenomenal one-handed catch of a long fly which he held by reaching far out over a fence.

The only other game in the league, at Philadelphia, was won by the local club from Brooklyn by a score of 4 to 2.

WILL NOT GO ON STUMP.

Roosevelt Will Not Tour the Country in Support of Taft.

Washington, Oct. 8.—President Roosevelt has announced that he would make no speeches in support of the candidacy of William H. Taft for the presidency, as there was no necessity for such action. This declaration was made during a call of Senator Hemenway of Indiana, one of a series of conferences at the White House. Mr. Hemenway asked the president regarding the report that he would take the stump. The president replied that he had received numerous requests to do so, but he thought it was unnecessary and made the unequivocal statement that he would not make any speeches. Mr. Hemenway declared that both the national and state tickets would be elected in Indiana.

National Committeeman W. L. Ward of New York and National Committeeman D. W. Mulvane of Kansas also talked politics with the president.

Mr. Mulvane told the president that he felt assured everything was favorable for Mr. Taft in Kansas. Mr. Ward stated that Secretary Root would speak in New York on Oct. 31 and that he was trying to induce the secretary to make other speeches for the Republican ticket.

Shot and Killed a Widow.

Calro, Ill., Oct. 8.—Mrs. Ellen McCleary, a widow, was shot and instantly killed here by Walter Davidge. Davidge was out with the sixteen year-old daughter of Mrs. McCleary. She followed them and made an attack on Davidge. He shot her and then escaped.

One Fireman Killed.

Buffalo, N. Y., Oct. 8.—One fireman was killed and eight were injured in the collapse of the burning walls of a small grain elevator on Broadway. The elevator and a flour and feed mill owned by A. Nowak & Son, were destroyed, causing a loss of about \$100,000.

Political revolutions cast shadows before. The Republican west, golden with sunshine and fat with harvests, throws no sinister portent of departure from its happy union with Ohio and New York.

Ninety Foot Stack of Barley.

The largest stack of barley, sacked and then piled up, ever known in the history of the west now lies near Garfield, Wash., the result of a determined pool by the farmers to hold their grain until such a time as the market price is enough to warrant them to sell at a profit. The stack of grain is ninety feet high, and much labor was expended in order that the grain might be piled in such a manner to enable the whole to be covered with tarpaulins. Many hundred farmers or hands labored at the work, and the covered stack looks like a small mountain.
